Subject: ESF-10 coordination call follow-up

Good Afternoon,

BLUF: The USCG requests its own MA for ESF-10 operations. I have had discussions with CGHQ and the NPFC; both indicate an agency shift to obtaining our own MA. I was not aware of this during our call yesterday. I apologize for any confusion. Given the anticipated scope of this incident response, the EPA will remain the ESF-10 lead; USCG will be supporting.

TCEQ and TGLO will need to consider what actions you foresee the USCG performing.

Note: I will be sending a calendar invite to discuss on the phone.

V/r,

Mike Sams
